GENERAL PROVISIONS

INTRODUCTION

The Security Benefits Fund described in this book is administered by the Board of Trustees. The plan Administrator’s duties are the control and administration of the Plan and the interpretation and implementation of the Plan’s provisions. The benefits provided by this Fund may, from time to time, be changed, modified, augmented or discontinued by the Board of Trustees. The Board of Trustees adopts rules and regulations for the payment of benefits and all provisions are subject to such rules and regulations and to the Trust Agreement that established the Fund and governs its operations. Benefits under this plan have been made available by the Trustees and are always subject to modification or termination in the exercise of the prudent discretion of the Trustees. The Trustees may expand, modify or cancel the benefits for active members and retirees; change eligibility requirements; and otherwise exercise their prudent discretion at any time without legal right or recourse by an active member, retiree, or any other person. Every effort has been made to present this information in clear, straightforward language.

All contributions to these plans are made solely by The City of New York according to its collective bargaining agreements with The Communications Workers of America, on behalf of Local 1182.

How Do You Enroll
In order to become eligible for coverage you must enroll with the Fund office by completing and signing a Security Benefits Fund registration card. You will be required to submit copies of marriage and birth certificates when enrolling your dependents, or other such documentation as requested by the Fund. When any change occurs in your status; such as marriage, divorce, change of address, birth or death of eligible dependent, please notify the Fund office. It is extremely important that any change in your work status (i.e., leave of absence maturity leave or return to work) be reported to this office by you.

When Does Coverage Start
There is a 60 day waiting period for all new employees. Your coverage starts 60 days after the first day you start working for the City of New York in the jurisdiction of Local 1182, provided that you have enrolled with the Fund office.

Benefits are provided from The Funds’ assets which are accumulated under the provisions of the Agreements and the Trust Agreements, and are held in the trust funds for the purpose of providing benefits to covered participants and eligible dependents and defraying reasonable administration expenses. Some of the benefits are provided through insurance policies.
Who is Eligible
You are eligible for coverage if you work for the City of New York in the jurisdiction of the Communication Workers of America Local 1182, provided that you comply with eligibility requirements established by this Plan. You will also remain eligible for certain benefits if you are receiving a monthly pension from The New York City Employees Retirement System (NYCERS) and you worked in the jurisdiction of Local 1182 immediately prior to your retirement. The benefits continued for such pensioners are:

- Dental
- Optical
- Prescription Drugs
- Life Insurance
- Limited Prepaid Legal

Who Are Eligible Dependents
Your eligible dependents include your spouse and your unmarried children. Your unmarried children are covered until December 31st of the year in which they turn 19. Dependent children include your natural children, step-children, adopted children and any child for whom you have legal custody or guardianship.

The active and retired members must provide the Fund office with copies of the legal documents granting child custody or adoption. Without these documents, your child will not be able to receive benefits from the Fund.

In order for your overage dependents (19-26) to continue to be eligible for benefits, active and retired participants must complete an overage dependent affidavit form and mail it along with a copy of the child’s Birth Certificate for each eligible child. The child will not be eligible if he/she is covered under another insurance.

If your child cannot support him/herself because of a physical or mental disability you must submit proof of your dependent child’s incapacity to the Fund Office within 31 days after the date he/she attains the age at which his/her coverage would otherwise terminate. Proof of continued incapacity must be furnished to the Fund from time to time at its request.

Your covered dependents are only eligible for the following benefits:

- Legal
- Dental
- Prescription Drugs
- Optical
  - Dependent children – every year
  - Spouse or domestic partner – every other year.
Domestic Partners/ Same Sex Marriage Coverage
The benefits under Local 1182 Security Benefits Fund available to domestic partners are identical to the health benefits offered to spouses. Benefits are available only to those who have qualified and been certified as domestic partners by the City of New York and eligible to receive basic health plan coverage. Employees and retirees who meet the requirements for domestic partnership and register with The City of New York will receive a letter from NYC Office of Labor Relations certifying your domestic partner for health benefits, a copy of this letter & your health ID card is needed by the Fund Office.

The value of the Funds welfare benefits will be taxable income for you and will be reported on your statement of earnings by your employer.

If you have any questions you can call the City’s Domestic Partnership Liaison at 212-306-7336 (actives) or 212-513-0470 (retirees).

When Does Your Eligible Dependents’ Coverage Start
Coverage for your dependents starts on the date when the member or retired member provides the Fund office with the legal documents proving that they are your dependents.

When Does Coverage End
Coverage for you and your eligible dependents ends on the day you leave employment in the jurisdiction of Local 1182. You are considered to have left employment when you are in no-pay status, regardless of whether you quit, are discharged, suspended or take a leave of absence. In all of these cases, the date you leave employment is the last date for which you are paid.

If you worked in the jurisdiction of Local 1182 immediately prior to your retirement, coverage for dental, prescription drugs, optical and life insurance continues for retired participants and their eligible dependents for as long as the retired participant receives a monthly pension from the New York City Employee’s Retirement System (NYCERS).

CONTINUATION OF HEALTH CARE COVERAGE UNDER “COBRA”

INTRODUCTION
The right to elect COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (“COBRA”) COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a “qualifying event.” Specific qualifying events
are described below. After a qualifying event, COBRA continuation coverage is offered to each person who is a “qualified beneficiary.” You, your spouse and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of a qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for the coverage.

If you are an employee, you will become a qualified beneficiary if you lose coverage under the Plan because any of the following qualifying events occur:

1. Your hours of employment are reduced; or
2. Your employment ends for any reason other than your gross misconduct.

As an alternative to COBRA continuation coverage, you and your spouse may be eligible to elect coverage in the Plan’s Retiree Benefit Plan, described below. Please note that if you elect to receive benefits under the Retiree Benefit Plan you or your spouse may not thereafter elect COBRA coverage. Contact the Fund Office for details on this program.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events occur:

1. Your spouse dies;
2. Your spouse’s hours of employment are reduced;
3. Your spouse’s employment ends for any reason other than his or her gross misconduct; or
4. You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events occur:

1. The parent-employee dies;
2. The parent-employee’s hours of employment are reduced;
3. The parent-employee’s employment ends for any reason other than gross misconduct;
4. The parent become divorced or legally separated; or
5. The child stops being eligible for coverage under the Plan as a “dependent child.”

Children who are born to or placed for adoption with a covered employee during the period of the employee’s continuation coverage also are qualified beneficiaries entitled to COBRA continuation coverage. Once the newborn or adopted child is enrolled in continuation coverage pursuant to the Plan’s rules, the child will be treated like all other qualified beneficiaries with respect to the same qualifying event. The maximum coverage period for such a child is measured from the same date as for other qualified beneficiaries with respect to the same qualifying event (and not from the date of the child’s birth or adoption).
Sometimes, filling a bankruptcy under Title 11 of the United States Code can be a qualifying event. If a bankruptcy proceeding is filed with regard to your employer and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, then the retired employee is a qualified beneficiary with respect to the bankruptcy. The retired employee’s spouse or surviving spouse will also be qualified beneficiaries if the bankruptcy results in the loss of their health coverage under the Plan.

**Notice of COBRA Qualifying Event and Electing COBRA Coverage**

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Fund Office has been notified that a qualifying event has occurred. When the qualifying event is the end of employment, reduction in hours of employment, the death of the employee or the commencement of a bankruptcy proceeding with respect to the employer, your employer must notify the Fund Office within 30 days of the qualifying events.

For all other qualifying events (i.e., [divorce](#) or [legal separation](#) of the employee and spouse, or a dependent child losing eligibility for coverage as a dependent child), you (or your family member) must notify the Fund Office, [in writing](#), within 60 days after the later of the date the qualifying event occurs or the date of the loss of coverage due to the qualifying event. Written notices should be sent to the Fund Office. When notifying the Fund Office of a divorce or legal separation, you must provide the Fund Office with documentation of such divorce or legal separation, as well as the address and contact information for your spouse. When notifying the Fund Office of a child who is no longer eligible to receive Plan benefits, you must provide the Fund Office with the address and contact information for your child. The employee or family member can provide notice on behalf of themselves as well as other family members affected by the qualifying event.

Qualified beneficiaries have 60 days from the later of (i) the date of the loss of coverage because of the qualifying event, or (ii) the date of the notice of the right to elect COBRA continuation coverage. For each qualified beneficiary who elects COBRA coverage, coverage will begin on the date of the qualifying event or, if later, the date the Plan coverage would otherwise have been lost (although the maximum period of COBRA coverage will be computed from the date of the qualifying event). In order to elect COBRA coverage, qualified beneficiaries must timely return the Plan’s Election form to the Fund Office.

**How is COBRA Coverage Provided?**

Once the Fund Office is notified that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.
If you (or another qualified beneficiary) timely elect (and pay for) continuation coverage, you (and/or the qualified beneficiary, as applicable) are entitled to be provided with coverage that is identical to the coverage being provided under the Plan to similarly situated employees (or their family members). If coverage for similarly situated covered persons is modified after COBRA coverage has been elected, your COBRA coverage will be modified accordingly. If continuation coverage is not timely elected (and paid for), group health coverage under the Plan will end.

If the Fund Office receives notice from an individual that he or she has experienced a COBRA qualifying event and the Fund Office determines that the individual is not entitled to continuation coverage, the Fund Office will notify the individual that continuation coverage is not available. The notice will include an explanation as to why continuation coverage is not available, and it will be provided within 14 days of receipt of notice that a qualifying event may have occurred.

How Long Does COBRA Continuation Coverage Last?

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, your divorce or legal separation, or a depended child losing eligibility as a dependent child, COBRA continuation coverage lasts for up to a total of 36 months. When the qualifying event is the end of employment or a reduction of the employee’s hours of employment, COBRA continuation coverage generally lasts for up to a total of 18 months. However, if the qualifying event is the end of employment or a reduction of the employee’s hours of employment, and the employee enrolled in Medicare less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare enrollment. For example, if a covered employee enrolled in Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare enrollment, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months).

However, there are two ways in which an 18-months period of COBRA continuation coverage can be extended.

1. **Disability Extension of 18-month Period of Continuation Coverage**

   In you or anyone in your family covered under the Plan is determined by the Social Security Administration (SSA) to be disabled and you notify the Fund Office in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage.
You are required to notify the Fund Office, in writing, within 60 days of the latest of: (i) the date of the disability determination by the Social Security Administration; (ii) the date of the initial qualifying event; or (iii) the date of the loss of coverage due to the initial qualifying event, and notice must be provided before the end of the initial 18-month COBRA continuation period. You must provide to the Fund Office a copy of the disability determination by the Social Security Administration.

(2) Second Qualifying Event Extension of 18-month Period of Continuation Coverage

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred. This extension may be available to the spouse and any dependent children receiving continuation coverage if the employee or former employee dies, gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child.

You must notify the Fund Office in writing within 60 days after a second qualifying event occurs if you want to extend your continuation coverage. The notice must include the covered employee’s name, the type of second qualifying event, the date on which the event occurred, and the name(s) of the qualified beneficiary(ies) whose coverage may be extended due to the second qualifying event. In addition, you must include with the notice a copy of the employee’s death certificate, divorce decree, proof of legal separation, or a copy of the child’s birth certificate or other appropriate proof, as applicable depending on the event.

Types of Coverage

Only the following Fund benefits may be elected for COBRA continuation:

- **Core Plus Coverage**: prescription, dental, and vision coverage
- **Core**: Rx only

None of the other benefits provided under the Plan, such as the death and prepaid legal benefits, are available through COBRA continuation Coverage.

Paying COBRA Premiums

Generally, each qualified beneficiary is required to pay the entire cost of continuation coverage. The amount that you and other qualified beneficiaries will need to pay will be 102 percent of the cost to the group health plan for coverage of a similarly situated plan participant.
or beneficiary who is not receiving continuation coverage (or, in the case of an extension of continuation coverage due to a disability, 150 percent).

The monthly premium rates may be adjusted due to changes in coverage. Even in the absence of any changes in coverage, premiums charged for continuation coverage may change on a yearly basis or as otherwise permitted by applicable law. After you or your family members experience a qualifying event, you will receive an election form that notifies you of the actual premium that will apply.

If you (or another qualified beneficiary) elect COBRA continuation coverage, you do not have to send any payment with the Election Form. However, you must make your first premium payment for continuation coverage no later than 45 days after the date of your election. (This means 45 days after the date that your Election Form is post-marked, if mailed). If you (or another qualified beneficiary) do not make your first premium payment within this 45-day period, you (or the qualified beneficiary, as applicable) will lose all rights to COBRA continuation coverage under the Plan and your coverage will terminate (as of the date it would otherwise terminate under the Plan).

After you make your first payment for continuation coverage, you will be required to pay for continuation coverage for each subsequent month of coverage. Payment is due on the first day of the month for which the payment applies. That means that the payment for coverage for the month of June is due on June 1. You must pay the required monthly payments on time.

Although periodic payments are due on the dates described above, you will be given a grace period of 30 days to make each periodic payment. Your continuation coverage will be provided for each coverage period as long as payment for that coverage period is made before the end of the grace period for that payment. However, if you pay a periodic payment later than its due date but during its grace period, you coverage under the Plan will be suspended as of the due date and then retroactively reinstated (going back to the due date) when the periodic payment is made. This means that any claim you submit for benefits while your coverage is suspended may be denied and may have to be resubmitted once your coverage is reinstated.

If you fail to make a periodic payment before the end of the grace period for that payment, you will lose all rights to continuation coverage under the Plan and your coverage will terminate as of the last date for which you made a timely payment.

Early Termination of Continuation Coverage

The law provides that continuation coverage may be cut short prior to the expiration of the applicable 18, 29 or 36 month period for any of the following five reasons:
(1) The group health coverage provided to you is terminated (and the plan sponsor is
not required by COBRA to provide you with other group health coverage that is
maintains, if any);
(2) The premium for continuation coverage is not timely paid (within the applicable
grace period);
(3) The individual first becomes, after electing COBRA coverage, covered under
another group health plan (as an employee or otherwise) that does not contain any
preexisting condition exclusion or limitation applicable to the individual;
(4) The individual becomes enrolled in Medicare (under Part D) after electing COBRA
coverage; or
(5) Coverage has been extended for up to 29 months due to disability and there has
been a final determination by the Social Security Administration that the individual is
no longer disabled. In this case, coverage will end as of the month that begins more
than 30 days after the date of such final determination. You are required to notify the
Fund Office in writing within 30 days of any such final determination.

Continuation coverage may also be terminated for any reason the Plan would terminate
coverage of a participant or beneficiary not receiving continuation coverage (such as fraud).

If a participant and his/her eligible dependents choose a dentist who does not participate (does
not have a signed contract) in our plan, the participant may be required to pay the full bill
directly to the dentist and then the participant will be reimbursed according to the our fee
schedule. Your dental claims must be received no later than 90 days after treatment is
completed. If your dentist is mailing the claim for you make sure they are aware of the time
frame to submit a claim and that abide by it. If you use an out-of-network dentist, we suggest
that you always ask what the charge will be for the work before it is started.

OPTICAL BENEFITS

Your optical benefits are provided by the Security Benefits Fund through General Vision
Services (GVS). Participants and their eligible dependent children are entitled to optical
benefits once every 12 months. Eligible spouses are entitled to the benefit once every 24
months. The voucher is worth between $150 - $200 depending on the store. It includes a
comprehensive eye exam, frames and prescription lenses. Regular contact lenses can be
received instead of glasses. Any charges over the $150 - $200 will be the patients’
responsibility.

Please see the GVS Brochure at http://www.cwalocal1182sbf.org

Every one of these providers must accept our fee schedule as their full payment, therefore, when you use on of these dental providers there will be no out-of-pocket expense unless you exceed your cap of $1,200 per person for each calendar year or agree to a non covered procedure (see the following pages for more information).

Make sure to speak with your dentist and understand the billing process before you start any work. All dental forms are accepted so you are not responsible for bringing one with you.

The orthodontic (braces) lifetime maximum for eligible dependent children ages 9-18 is currently $500. Sele-Dent, Inc. has various Board Certified Orthodontists who will complete orthodontic cases for a total of $2,400 to $3,300. Attached is a list of these preferred orthodontic locations.

Please note that each member and each eligible dependent is allowed one panoramic x-ray once every year and a full oral examination, full x-ray series and full cleaning once every six months. Full and partial dentures or fixed bridges are allowed to be replaced once every five years. All procedures over $400 must be pre-authorized before any work can be done.
**PRESCRIPTION DRUG BENEFIT**

Your prescription drug benefit is provided by the Fund through CATAMARAN.

**How The Plan Works**

As proof of eligibility for prescription drugs, participants will receive an identification card. Only the member’s name will appear, however, all eligible dependents will be active in the CATAMARAN system. This card must be presented with your prescriptions. You will be required to pay a co-payment for each prescription received.

1) The Fund will pay the first $3,500.00 for covered prescriptions for you and your eligible dependents. The co-payments are listed below.

2) When The Fund has paid $3,500.00 for you and/or your eligible dependents and you are still in need of prescription medicine, you will have an out-of-pocket expense of $12,700.00 for family coverage or $6,350.00 for member only coverage. (including co-payments)

3) You will be responsible for keeping track of the receipts as proof that you have met the out-of-pocket total. Each pharmacy receipt must contain: name of member (with last 4 digits of your SS#), name of patient (if different), Rx number and amount of payment. After you have reached the out of pocket total amount, mail all necessary paperwork (we suggest you sent it certified or bring it in person) to our office.

4) If everything is in place, you will again be eligible for your prescriptions to be covered in full by The Fund for the remainder of that calendar year. Normal copays will apply.

$1.00 for every generic prescription you receive
$15.00 for every brand prescription you receive
$40.00 per prescription, when you receive a brand when there is a generic available.

**What The Program Covers**

This program covers all medications which, by federal or state law, require a prescription and are prescribed by a licensed practitioner.

Prescriptions can be written by your physician for up to a 34 day supply plus 3 refills. All refills will be dispensed according to your doctor’s directions.

If you go to a non-participating pharmacist you can receive a partial reimbursement for your prescription. However, you must pay for the prescription when filled and then ask for a direct Reimbursement Claim form from the Fund Office. You must have a separate form for each prescription. After you complete the form, mail it to the CATAMARAN. You will be reimbursed according to the fee schedule, not what you paid the pharmacy. You are always responsible for the co-payment.

If you have any questions about your claims, call the Fund Office.
What is not Covered
Under this program, no benefits are paid for:

- Medications for which you don’t need a prescription (over-the-counter)
- Devices or appliances, support garments or other non-medical substances
- Hard Equipment i.e., Syringes, Nebulizer, Glucometer, these are probably covered by your health insurance card (GHI, HIP…)
- Unauthorized refills

ACCIDENT & SICKNESS BENEFIT

This benefit is only available to you if you meet the eligibility requirements described previously and you work for the City of New York, under the jurisdiction of CWA Local 1182 and are not on a leave of absence at the time of the injury or illness. If you suffer an injury on the job or suffer from an illness due to the job, you must apply for workers’ compensation. In the event that a workers compensation claim is denied because the disability did not arise in the course of employment, then you need to furnish the Fund Office with copies of the notice of controversy and medical reports in order to qualify for disability benefits. This benefit is not available to dependents. Accident and sickness benefits are paid directly by the Fund.

What your Benefits are
If you become totally disabled and unable to work because of an accident or illness off the job, you will receive a weekly benefit $200 minus FICA.

Proof Of Disability
You submit proof of your disability on a form prescribed by the Trustees no later than 90 calendar days after your first sick no pay day (FSNP) due to the disability for which you are claiming benefits. Disability forms are provided by the Fund Office.

Benefits begin on the ninth (9th) sick no pay day following an illness or accident. However, benefits are not payable while you being paid for your “sick days”. In other words, you must use up your sick days before you can collect benefits from the Fund. You may choose to use your vacation days (annual leave), the waiting period of 8 days from the FSNP always applies. At no time will you get paid for the first 8 SNP days.

Payments continue for up to a maximum of 26 weeks during the 12 month period from the onset of the illness or injury you are claiming benefits for. You are allowed one claim every 365 days. A follow-up evaluation is required every 25-30 days during your time out – it must be submitted to the Fund Office no later than 10 days, past the due date indicated on the top of the evaluation form sent to you. Failure to do so, may jeopardize your continuation of disability benefits.

At any time, continuation of your disability payment may be subject to your submitting to an examination by an independent doctor of the Fund’s choosing.
There is one important exception to the benefit’s maximum payment period. If a disability is due to substance abuse (brought on by dependence on drugs or alcohol), then a total of no more than 26 weeks of benefits for the substance abuse will be paid in any three year period.

Claim forms are available from the Fund Office.

**Maternity Disability**
Members are entitled to disability due to pregnancy. If you deliver vaginally, you will receive 8 weeks of disability pay. If a caesarean delivery is necessary, you will be entitled to 10 weeks of disability pay. A copy of your operative report is needed to qualify for the extra 2 weeks. When an illness disables you during your pregnancy, no more than a total of 26 weeks of disability is allowed.
